

WE ARE LISTENING!

Our church leadership is about to engage in a *listening exercise* provided by Leadership Transformations, Inc. From February 1, 2012 to February 29, 2012 we'll be conducting an all church survey called the Church Health Assessment Tool (CHATSM).

This web-based survey will allow us to collect valuable feedback from both the congregation and the leadership team regarding their views on our church health. This tool is based on the "10 Traits of Vital Ministry" from the book *Becoming a Healthy Church* (Dr. Stephen A. Macchia, Baker Books, 1999). We welcome all congregants 13 years and up to participate in the survey. Please take this opportunity to share your thoughts with us. Your feedback will help shape strategic decisions and ministry effectiveness for the future.

To participate in the survey before February 29:

1. Get on the internet and go to www.HealthyChurch.net
2. Click on the button that says "Take the Survey" on the left side of the screen.
3. Use the following information to log in:
Login and **Password** information can be obtained in church

Give us your honest feedback. (The survey takes 20-25 minutes to complete.)

If you don't have a computer/internet access, paper copies will be made available at your request. A sign-up sheet is available in the narthex and copies may be picked up on or after Tuesday, February 1. It is suggested that you connect with someone who has internet access to input your information or place your survey in a box outside of the Church Office and the information will be entered for you.
